

## HOW TO USE

### NARCAN® (naloxone HCl) Nasal Spray

#### Key Steps to Administration\*

#### PEEL

Peel back the package to remove the device. Hold the device with your thumb on the bottom of the plunger and 2 fingers on the nozzle.

#### PLACE

Place and hold the tip of the nozzle in either nostril until your fingers touch the bottom of the patient's nose.

#### PRESS

Press the plunger firmly to release the dose into the patient's nose.

\*Administer in accordance with the Instructions for Use.

Please refer to the Quick Start Guide or the enclosed Full Prescribing Information for additional details on how to use NARCAN® (naloxone HCl) Nasal Spray.

When administering NARCAN® Nasal Spray, always be sure to get emergency medical help right away, even if the person wakes up.

If the desired response is not obtained after 2 or 3 minutes, or if the patient relapses, give an additional dose of NARCAN® Nasal Spray using a new device.

**Please see Important Safety Information within, and at the end of this brochure and the accompanying Full Prescribing Information enclosed.**
